HANNA TO THE RESCUE

Addressed the Senate in Behalf of Ship Subsidy Bill.

REPLY TO SENATOR CLAY'S SPEECH.

Senator Hanna Offers a Resolution To Abrogate the Clayton-Bulwer Treaty—Preliminary Step Taken To Erect Hall For Records.

Washington, Dec. 13.—By special order the senate convened at 11 o'clock to enable Mr. Hanna (O.) to address the senate on the ship subsidy bill, before taking up the special order of the day, the further consideration in executive session of the Hay-Pauncefote treaty. Just four senators were at their desks when President pro tem Frye called the body to order, but in a few minutes about 25 members had entered the chamber.

Mr. Fairbanks (Ind.) offered a joint resolution directing the appointment of three members of the senate committee on public buildings and five members of the same committee for the house to constitute a joint commission to ascertain a feasible location for and the probable cost of a hall of records. The resolution was adopted.

Senator Money (Miss.) introduced the following resolution providing authority for the abrogation of the Clayton-Bulwer treaty by diplomatic negotiation: Resolved, that the president of the United States be respectfully requested to consider the expediency of opening negotiations with the government of Great Britain for the abrogation of the Clayton-Bulwer treaty, with assurance that such action on his part will meet with the hearty consent and support of the senate.

At the conclusion of routine business, Mr. Hanna was recognized to speak on the subsidy bill. His speech was in a sense a reply to that delivered by Mr. Clay (Ga.) a few days ago. Like Mr. Clay, Mr. Hanna is a member of the committee on commerce from which the pending measure was reported to the senate. In opening his address Mr. Hanna said that the remarks of Mr. Clay had brought into question the motives of those who had assisted in the preparation of the pending measure. As a member of the maritime committee as well as a member of the committee on commerce, Mr. Hanna said he felt it his right and duty to explain the work of those committees. "For myself," he declared, "I resent the imputation that any other motive than those of interest in our country and good public policy actuated the committees." Mr. Clay interrupted Mr. Hanna to disclaim any such imputation. Taking up the bill Mr. Hanna said the measure was believed to be the most practical legislation that could be enacted upon the subject. He sketched rapidly the rise of the shipping industry of the great lakes. He said he has been connected with that industry, nearly 40 years and had seen it grow from a comparatively insignificant beginning to its present condition of unparalleled greatness. He recalled the time nearly a third of a century ago, when the ship Escanaba carried 600 tons of iron ore from Escanaba to Cleveland. Today, he said, there are steamers on the great lakes carrying 6,000 gross tons in one cargo. He maintained that the shipping industry on the lakes had been fostered and protected by salutary and wise navigation laws. To the advantages of these laws was added liberal appropriations by congress for improvement of lake harbors. Mr. Hanna maintained that in order to build up the American merchant marine it was necessary not only to have capital and experience, but it is necessary to afford the foreign carrying trade protection, some kind of inducement, by law. "If this protection should be afforded," said Mr. Hanna, "the growth of the American merchant marine would be on a par with the growth of the shipping industry on the great lakes."

At 2 o'clock, Mr. Hanna concluded his speech on the ship subsidy bill and the senate went into executive session to consider the Hay-Pauncefote treaty, before taking a vote on the foreign relations committee amendment at 3 o'clock. Senator Elkins advocated the amendment of the committee and said he thought it should be even much stronger in its provision for the defense of the proposed canal than it is. The amendment was adopted, 65 to 17. A number of additional amendments were offered. One by Senator Elkins provides for the abrogation of the Clayton-Bulwer treaty in its entirety. Another amendment provides that the United States shall have authority to acquire possession of territory adjacent to the canal.

ENGLAND THE LAGGARD.

Willing to Sign the Agreement After Some Hair S. I. tug.

Washington, Dec. 13.—Latest advices from official sources in Peking state that England has signified a willingness to sign the agreement reached by the foreign ministers with a slight amendment which is said to be rather in the nature of a mere change in form, rather than an amendment of the scope of the agreement at any material point. It was the understanding that England was the only power that was holding back and as according to the advices received here, the slight changes made, or proposed to be made by England, do not conflict with any of the principles held out for by our government. From the view point of the state department there seems to be no substantial obstacle to an almost immediate closure of the negotiations concerning the preliminary agreement.

Chinese Placards.

Hongkong, Dec. 13.—The city is placarded with statements inciting the people and members of secret societies to unite and rise during the month of January and drive out all the foreigners. Crowds gathered around the placards but no actual outbreak is reported. Reports have been received from Canton to the effect that Yeung Shung Po the reformer has been horribly tortured. Though he was strung up by the thumbs and the toes he would confess nothing.

Hunting For Treasure.

Peking, Dec. 13.—British troops were notified of the existence of a large amount of treasure 20 miles northwest. Colonel Tullock and 100 men left to investigate the truth of the report. It is believed a large amount of gold and valuables were buried at that point by persons connected with the Chinese court during the recent flight. Information regarding the treasure was received from a former court official.

Big Mine Deal.

Scranton, Pa., Dec. 13.—The sale of all the mining property of the Pennsylvania Coal company and other allied coal producing interests to the Erie railroad, the deal for which has been pending for some days, was officially confirmed from the offices of Third Vice President George H. Smith at Dunmore. The property involved includes 22 mine workings in the Scranton and Pittston fields, producing 2,000,000 tons of coal and employing 500 men and boys.

Washington, Dec. 13.—Representative Hitt of Illinois has made formal announcement of his candidacy for the United States senate.

GAVE TRUSTS A WHIRL

Radical Resolution of Max Hayes Was Modified.

SLATE FOR FEDERATION OFFICERS.

Dowie Denounced For Importing Lace Makers—Pensions Favored For Government Employees Disabled In Service—Other Resolutions.

Louisville, Dec. 13.—Following appears to be the most popular list of the new officers to be elected the last day of the A. F. of L. convention: President, Samuel Gompers, New York; secretary, Frank Morrison, Washington, D. C.; treasurer, John B. Lennon, Bloomington, Ill.; first vice president, James Duncan, Boston; second vice president, John Mitchell, Indianapolis; third vice president, James O. Connell, Washington, D. C.; fourth vice president, Thomas Kidd, Chicago; fifth vice president, Max Morris, Denver; sixth vice president, Dennis Hayes, Philadelphia. These, if elected, will constitute the new executive council. There is not likely to be any considerable opposition to the re-election of President Gompers. The resolution presented by Delegate Nelson of Philadelphia, disapproving of the action of Dr. John Alexander Dowie of Chicago in importing foreign lace makers for working in an established industry in the United States, was adopted and copies were ordered sent to President McKinley, Secretary Gage and Commissioner of Immigration Powderly.

A resolution was adopted directing the executive council to take such action as is necessary to have an eight hour bill introduced in the legislatures of the states having no 8-hour law. A sharp debate arose over the consideration of a resolution denouncing a hat factory at Fall River, Mass., for the alleged substitution of foreign women to do the work of men in the manufacture of hats. The resolution further declared the United States government has for the past three years placed all orders for hats to be worn by United States soldiers with the factory and registered a protest against the farther placing of army orders for hats with any non-union concern. The resolution was adopted. The convention also adopted resolutions favoring shorter hours for barbers; extending sympathy and moral support to the Iron Molders' union of North America.

A resolution against trusts, offered by Max Hayes of Cleveland was amended by the committee and reported to the convention as follows: "Resolved, that this twentieth convention of the American Federation of Labor, reaffirm its position upon the trust question, by urging the unorganized working people to organize in their respective trades as the best means of resisting the encroachments of trusts and monopolies. And we also renew the recommendation that trade workingmen generally study the development of trusts and monopolies."

Mr. Hayes took the floor to protest against the change in his resolution. He made a bitter attack on trusts in general and was replied to by Treasurer Duncan, who said the committee had deemed a moderate resolution along practical lines much wiser than a radical fulmination against trusts. The position of Mr. Hayes was condemned by a number of delegates as tending to transform the Federation of Labor into a political organ. John Mitchell, president of the United Mine Workers, resented a statement made by Mr. Hayes to the effect that if the mine workers would strike again they could secure a still greater increase of their wages. "There has not been one important step taken by the mine workers," said Mr. Mitchell, "that has not been bitterly opposed by the Socialist party of Pennsylvania. Today our people earn as good wages as any of the crafts; during the past 20 years we have increased our wages 40 per cent, and this has been through the efforts of trade unionism. If the believers in socialism can point to a practical solution of the industrial problem, I am not so biased as not to be ready to join them." Upon roll call the resolution as amended by the committee was adopted by a large majority. The convention adopted a resolution favoring congressional legislation for the pensioning of civil service employees who are disabled in the service of the government.

The committee reported adversely on three resolutions favoring a co-operative commonwealth and public ownership and control of all the means of production and distribution, but submitted a substitute disclaiming all political intentions.

Sydney Samuel, 39, wealthy Englishman who lived in New York, suicided at Portland, Me. Hounded by woman.

To the United Confederate Veterans at Maysville, Ky.

Each of us wishes to express our gratitude and thanks for your presence at the funeral of our dear father, Joseph Desha Pickett. It was a comfort and help to have you, his comrades, near him during that trying hour and to have you follow him to his final resting place. We wish to thank you, too, for the flowers—his colors—and the cross he loved. May we hope that the old Chaplain will sometime help and cheer you along the rugged places as you toil "up life's steep Calvary," and may the loving kindness you showed him and us, in the dread extreme, descend in blessings on you and yours.

Gratefully the daughter of your old comrade,
NELLIE DESHA PICKETT.

A Maysville Man Who Has Won His Way to the Front at Los Angeles.

A paper published at Los Angeles, Cal., has the following in reference to Mr. W. B. Mathews, Jr., a son of Mr. W. B. Mathews and brother of Postmaster Mathews of this city:

"Judge Waldo M. York in answer to an inquiry concerning the qualifications of W. B. Mathews, Esq., candidate for City Attorney, said: I have known Mr. Mathews for more than ten years, and have known of his work as a lawyer the whole of that time. For about seven years he has practiced before me, generally appearing to assist other counsel. I know him to be a lawyer of learning and ability; in fact, I think some of the briefs he has made have been equal to the best briefs filed in cases pending before me. In learning, legal ability and tact in the management of cases, he stands among the leaders of this bar. This is an exceptionally high compliment, in view of the well-known fact that the Los Angeles bar is one of the ablest in this country. I also regard him as a man of the strictest integrity, whose morals are above reproach."

The United States Court of Appeals decided the Nugent & Co. bankruptcy case in favor of the appellants and ordered the release of W. T. Nugent, the son, who was given \$10,000 or more by his father, from the Jefferson County jail. The court finds that the referee had no jurisdiction to order him to pay money to the trustee which he had received from the bankrupt prior to the institution of the proceedings in bankruptcy. Also that he was entitled to a trial in the State courts and could not be proceeded against in the summary manner adopted by the referee.

That was a pretty good rejoinder made by the late Rev. William Crow to the young lady at Danville many years ago while he was a student there. Mr. Crow was of a very quiet, retiring manner, and the young lady, thinking to have some fun at his expense, said: "Well, Mr. Crow, I suppose you have long since sowed your wild oats." "No," said he, "I have still some left for geese to pick at."

URGED TO ARBITRATE.

Acting Governor of Colorado Gives Santa Fe a Pointer.

OPERATORS GREATLY ENCOURAGED.

Railway Officials Assured Their Own Welfare as Well as the Interests of The State Would Be Subservient By Adopting such a Course.

Denver, Dec. 13.—Lieutenant Governor Francis Carney, acting governor in the absence of Governor Thomas, who is at Washington, was waited upon at the capitol by a committee of telegraphers who desired to discuss at length the existing strike on the Santa Fe railroad and to ask the governor to lend his assistance in bringing about an early settlement. After the subject had been carefully gone over, Governor Carney signified his willingness to request the officers of the railway to arbitrate the differences. A telegram was prepared and sent to Chairman Walker of the board of directors of the Santa Fe and President Ripley as follows: "In behalf of the people of the state of Colorado, after due investigation, the locked-out telegraphers of your railroad are absolved from any complicity in recent outrages upon certain employees who have taken the places of these men in this state. The interests of the people of the state and the patrons of your road would be materially subserved were the differences existing between the management and the telegraphers submitting to arbitration and settled as speedily as possible."

Lieutenant Governor Carney, while a member of the senate, introduced the arbitration bill which became a law in Colorado. "I have always been in favor of arbitration in settling labor disputes," said he, "and I could not hesitate when called upon by the telegraphers. As a workman myself, my sympathy is with the wage earner, provided he keeps within the limits of what is right and lawful. I sincerely hope this cause will be fairly arbitrated and the entire trouble speedily settled."

President German, of the State Federation of Labor, sent a similar request to the officers of the Santa Fe. Telegraphers who heard of the action of these two officers were highly pleased and believe that good will result from the movement.

President Ripley of the Santa Fe has sent a reply declaring the time for arbitration is passed.

Found by Father.

Springfield, O., Dec. 13.—Frank Mefford of Barnesville, O., while here on business, learned that a girl of the same name, had once been committed to the reform school. He found her at the home of Mrs. Blanche Hickman, and she proved to be his daughter Jessie, whom he had not seen for many years and believed to be dead. Mefford also learned that his wife, from whom he was divorced years ago, is living here the wife of James Stockstill, who was recently arrested for beating Jessie and Marguerite, another daughter of Mefford. Mrs. Stockstill believed her former husband dead and so told her daughters. Mefford took Jessie home with him, leaving the other daughter here.

Some of the fellows who come from foreign shores and replenish their bank accounts by marrying heiresses may be envious, but the great majority of them are no accounts.

Of all the contemptible characters with which this country is afflicted the most so are the spendthrifts and adventurers who come here from abroad wearing some title, for the purpose of marrying some young woman with more money than brains. They should be ostracized by all honest and self-respecting men and women. They are a menace to every thing that is either democratic or republican, and make toadies and spendthrifts among the young men wherever they go. One good honest American is worth all of them in the world for a son-in-law, or anything that is manly or patriotic.

It is with pleasure, the BULLETIN notes the advent into the Senatorial contest in the district comprised of the counties of Bracken, Grant and Pendleton, of the Hon. W. A. Byron, of Brooksville. Mr. Byron has so ably acquitted himself as County Attorney of Bracken County that no other nor better assurance that he would faithfully discharge the duties of State Senator is desirable. Gifted with a logical, well-stored mind which is ever active to see and aid the needs of the people, endowed with an eloquence that not only convinces, but that also wins, the Senatorial toga could fall on no worthier shoulders nor the choice of the people on no happier selection. May his worth be fully realized. The BULLETIN would rejoice in his success.

GEO. W. RYDER.

Death of a Former Citizen of Maysville at His Home in Butler, Ky. This Week.

[Pendleton Reformer.]

Geo. W. Ryder passed to the great beyond at about 8 o'clock Tuesday morning. He had been in poor health for several years and had been confined to the house for the last six months, and several times the end was thought to be here, but he rallied and for a couple of weeks it was thought he might recover sufficiently to go about.

His stepdaughter, Mrs. Ellis, had left the room but a few minutes when Mrs. Ryder carried in the water to give the patient a bath and found him leaning against the dresser with life extinct. He had seemed very bright that morning and no thought of death was entertained by those attending him.

"Uncle George" as he was generally known, came as near being a perfect Christian gentleman as man usually attains; was loved and respected by all, and his death causes real sorrow to every inhabitant of our town. He was a life-long member of the Christian Church, prominent in church work, and a devout follower of the Master. He was also a member of the fraternity of Oddfellows and that organization will have charge of the funeral. The services will be held in the Christian Church, Bro. McMahon conducting them, Thursday morning at 10 o'clock, and then the body will be laid to rest in the Butler cemetery.

Mr. Ryder formerly lived in Maysville and leaves many relatives and friends here and in Aberdeen. He was a brother of Messrs. W. H. and Frank T. Ryder and Mrs. W. E. Wood. A report was published here that it was Mr. Marion Ryder who died, but the latter is still living and is hale and hearty.

A Woman's Awful Peril.

"There is only one chance to save your life and that is through an operation," were the startling words heard by Mrs. I. B. ANNOUNCEMENT.

FOR ASSESSOR.

I hereby announce myself as a candidate for the nomination for the office of Assessor, subject to the action of the Democratic party. I am from the Lewisburg precinct, which, although the champion Democratic precinct of the county, has heretofore been ignored in the distribution of the offices, and my friends ask that she be recognized in this instance at least by my cordial support. If nominated, I will be elected; if elected, I will faithfully perform the duties of the office,—see the people, and not simply copy the old books. HORD LONG.

We are authorized to announce W. H. HAWES, of Minerva precinct, as a candidate for County Assessor, subject to the action of the Democratic party.

Comparisons are useful. The fit, style and quality of our CLOTHING with that bought elsewhere. It will result in much saving of money for you and we'll secure your custom. Our fall line is about complete and we direct special attention to our Overcoats at \$12 and our Suits at \$25.50.

FRENCH GARTERS.

A pretty collection of dainty Garters. Wide variety of designs and colors. Each neatly packed in decorated box. Make very pretty gifts and are only 25c.

FURS.

The warm Scarf and Muff would be welcomed by any woman as an addition to her wardrobe and doubly prized when received as a Christmas gift. Add a little money to your original price and buy only high grade furs. The difference between good and poor furs is this—when you put your money into poor furs they last a season but after that—what have you? Whereas good furs last for years if properly cared for. To-day women are wearing furs that belonged to their grandmothers. Good furs can be remodeled countless times. Here are some fluffy beauties that promise generous warmth in the face of biting blasts. Stylishly made, perfect in every detail.

Genuine Beaver Scarf, 6 tails and pretty chain fastening, \$19.
 Genuine Stone Marten Scarf, 8 large tails, very handsome, \$22.
 Beautiful stone Marten Collarette, lined with heavy brown satin, trimmed in handsome tails, \$35.

Beautiful Black Marten Scarfs in two sizes, \$18 and \$12½.
 The ladies of Mason declare our line of furs to be the handsomest ever shown in Maysville. No need to go to foreign markets when here at home you can select the best.

The holiday rush is on. We'll try to take good care of you right up to Christmas Eve, have engaged extra help, will keep open every night next week, etc., but do all we can, buying is easier now than it will be later. So come to-day.

They Took the Bait and Are Now

During the last few weeks a smooth individual claiming to represent a big Chicago house has worked a new swindle in this section of Kentucky and in Southern Ohio.

His victims are principally country merchants and blacksmiths.

The smooth individual traveled in a buggy, and was soliciting orders for horseshoes, nails, buggy shafts, wagon shafts and such goods. Nails that are selling at \$3.50 a keg he offered at \$2. Wagon shafts that bring 75 cents a pair he offered at 25 cents, and other goods at like low rates. He explained that his firm handled an immense amount of goods and of course bought low and could sell low. Payment of only 10 per cent. of the bill was asked in advance simply, as he said, as a guarantee of good faith. But if the bill was paid in full, he would allow a liberal discount for the cash. He was a smooth talker and booked numerous orders. His victims have since found out that there is no such firm in Chicago, and are now kicking over the loss of their good money.

People who expect to get something for nothing generally get worse than nothing. It always pays to deal with your home merchant, because then if your goods fail to come you know where to go and get them.

The swindler referred to above also caught some of the liverymen by giving them an order on some of his country victims for the buggy hire.

Im- mense!

More so than ever before is the enormous stock of goods I carry, but you can only get a full conception of them by coming and seeing for yourself, which all are specially invited to do. Being encouraged by my largely increased business of the last year my purchases for the season now at hand have been enormously heavy in order to meet the rapidly growing demands of my trade, which is not now confined to retailing exclusively, but I have a large and steadily growing

WHOLESALE TRADE,

Which has to be supplied with the better class of goods, that are not to be found in many of the jobbing houses. I was early in the market, which enabled me to make my purchases—exclusively for cash—before the advance in prices of many of the leading articles. Therefore, I am prepared to successfully meet any and all competition. I handle nothing but the best goods, all of which I buy directly from the producers in large quantities at prices as low as any jobbing house in the State. I am always in position to sell the very best goods at prices as low, or even lower, than you pay for common, stale and trashy stuff at other places; besides I carry in stock many articles that can't be found in any other store in our city. Special attention is called to my very large and superior stock of

New Crop Plantation Molasses,
Pure Lewis County
Sorghum,

Green and roasted Coffees, Sugars and fine Teas, immense stock of canned goods of all kinds, pure Maple Syrup and Sugar, the finest brands of Hams, Breakfast Bacon and Leaf Lard, put up specially for my trade. In addition, and specially for the holiday trade, I have laid in an immense supply of

Candies, Nuts, Fireworks,

which will be sold at net cost to my customers as a Christmas treat. And don't forget the Perfect Flour is the best and that my fine blended coffee has no equal. People from the country are invited to make my house headquarters when in our city. I run two delivery wagons regularly and all goods will be delivered to any part of city promptly.
